

SUMMARY

I'm passionate about creating awesome things and working with great people.

I design, I code and I bend technology to my will.

EXPERIENCE

DNN SOFTWARE, San Mateo, California
Product Engineer, *March 2015 – present*

- Designed, developed and maintained over 40 interactive tutorial websites.
- Worked with a cross functional team to produce prototypes for new features and ideas.
- Designed & developed more than 200 unique visualizer website content blocks and interactions.
- Assisted the marketing department with promotional videos and imagery.

RAPID DISPLAYS, Union City, California
Front-End Web Developer, *January 2015 – March 2015*

- Worked with my client to design and develop a new responsive website.

TUNEIN, Palo Alto, California
